Term 2 project homework- Year 6

SOUTH AMERICA

For this half-term, we are learning all about the continent of South America; from the tropical rainforest of the Amazon, to the diverse ecosystem of the Andes mountains; from the musical culture to the valuable exports. Therefore, we would love for you to create something inspired by this exciting, cultural continent. We look forward to seeing them by **THURSDAY 18th DECEMBER.** Here are some suggestions:

Create a 3D map of South America

South America has incredibly varied physical geography, from the soaring Andes mountains to the low-lying Amazon basin. Why not create a relief map to show these elevations?

Weave an 'Ojo de Dios' (God's Eye)

The Ojo de Dios is a traditional weaving craft made by the Huichol indigenous people of western Mexico, but similar weaving traditions exist across indigenous cultures in South America, particularly in the Andes

Design a Carnival headdress.

The Carnival in Rio de Janeiro, Brazil, is famous for its elaborate costumes and floats. It is a massive celebration of human culture in the region. You could design and create a vibrant headdress that reflects the colourful nature of this festival.

These are, of course, just suggestions. Feel free to create your own wonderful creations related to South America!
