

Year 4 Homework

The Stone Age

This term we are learning all about the Stone Age! This will include the different time periods within the Stone Age. These are the Palaeolithic period, Mesolithic period and Neolithic period! We will also be finding out about:

- What life was like
- What they ate
- How they hunted for their food
- What their homes were like

We will also learn about two significant Stone Age landmarks- Stonehenge, which is a prehistoric monument set on Salisbury Plain and Skara Brae, a Neolithic settlement in Scotland!

Your homework, with these prompts, is to create a piece of work that shows your learning from one aspect of the Stone Age. You can present your work however you want to.

Here are some ideas to help:

- A model of a Stone Age house, Stonehenge, Skara Brae
- A sketch or painting
- A PowerPoint
- A fact file
- Cave art

Thank you for your support and we look forward to seeing your amazing creations.

Mrs Lewis, Mrs Sheldon and Miss Leach
